

# Watch Alert Update

25 March 2009

Hello Everyone,

Here is an update to last month's break-ins. There were a total of 7 break-ins on the evening of Feb. 24<sup>th</sup>. The break-ins were all from unlocked vehicles. Eau Galle Estates also experienced several break-ins. Some vehicles had items taken while others did not. Suspects were going through unlocked vehicles looking for anything of value. The only thing I can offer is again to remind people to lock their vehicles and not to leave anything of value inside the vehicle. Also, remember most vehicles have a trunk release inside their vehicles to gain access to the trunk. Here is the list from that night:

1266 Cypress Bend Circle

1249 Cypress Bend Circle

1240 Cypress Bend Circle
