

Watch Alert #3

June 8, 2009

Good Afternoon Neighbors,

I am forwarding a message I got from Jane Meier about thefts form motor vehicles in the Melbourne area. I have not heard of any thefts from vehicles in our neighborhood that have been reported. If anyone have had or heard of any thefts of this kind please report it and let me know the details.

Also we have had a property theft in the neighborhood recently. At 1309 Cypress Bend Circle a set of solar lights were taken. It was set 7 solar lights that was taken some time last week, probably in the late night or early morning hours. Someone may have seen or heard something. Either way we must always be alert. It's sad someone would steal something such as a set of lights which was purchase to ascent someone's home. Let's get the word to everyone. Again we must always stay alert even when it seems things are going well. Be aware of anyone in our neighborhood who just seems to be there or driving through looking around. **Let get the word out and stay alert!!!**
