

# Watch Info #2

October 6, 2009

Good Evening Neighbors,

With the close of September things for Cypress Bend are looking pretty good. After receiving the activity report from Jane showing activity from Aug 9<sup>th</sup> to Sept 30<sup>th</sup> we have had no break-ins or complaints reported to Neighborhood Watch or the police other than some traffic stops and noise complaints. In the surrounding neighborhoods they have had some vehicle break-ins with the vehicles being left unlocked, the total numbers are unknown at this time.

In Cypress Bend we have a few more houses that are up for rent. If one is near you, please pay attention to who comes and goes as this maybe an opportunity for some to come in and look around that may not be looking to rent. In the event someone does move in, please welcome our new neighbors and make them aware of our Neighborhood Watch program and offer them to join our watch list. The more we have the better for all of us.

October sort of starts the beginning of the swing into the holiday season. After Halloween things start to really pick up. We should start being more watchful as the season approaches. While out for a walk or working in the yard start looking around at those who come and go, and know who your neighbors are. Be aware of deliveries that are being made and watch for cars or people who don't seem to belong. And last but not least lock your vehicles when you are inside and close your garage doors when you are not in there working. I believe our vigilance is paying off but keep it up and keep our peace of mind.

This last item; sometime this morning someone threw a rock and broke the back window of one of the vehicles parked at 1253 Cypress Bend Circle. Nothing was taken and the incident was reported. We are unsure if someone was just mad or if this was an attempt to steal something.

**Let's stay alert and get the word out!**

Stan Sawyer
